

MINUTES FOR 14/03/19

Present:

Charlotte (Vice-rep), Jamie (E+D vice), Luke (T+L rep), Harvey (Enrivo rep), Liam (Marketing), Win (E+D rep), Jean, Rick

Apologies for absence:

Ciara (Charity rep), Mela (President), Matt (Tutor rep), Jake (Social media rep)

- SLT feedback: Sheridan was pleased with the way we handled last week's meeting; student council to arrange presentation during next Tutor Rep meeting to explain why there are issues with timetable and social space; happy about bake sale, will be coming to buy/contribute goods throughout the day
- IL has raised concerns about A2s been more stressed than normal; ideas to counteract this?
 - Animal therapy raised as a possible solution
 - Art therapy
- Red Nose Day: Jake and Mela to cover first period, Win and Jamie to cover second and third period; Win to bake as well as bringing in pre-baked goods; Jake bringing in cakes from home
- Concerns that the council is being used to feedback what SLT say rather than relying on student voice
- Also need to start advertising for student council next year – want the ASFC social pages to advertise this as well as the student council platforms
- Every Saturday 11-3pm Jean goes to help at the homeless shelter; any one of these Saturdays that works for everyone we can do
 - Takes place in Oldham
 - Bring in donations for the shelter? Clothes, washing essentials, sanitary products etc.
 - Run a campaign before setting the date to raise money for donations for shelter?
 - Possibly put some posters up; donate things to the student rep room during 12-12:30
- Student council promotion posters: Win to collect form to create posters to go around college; can also make social media graphics to give to Jake to share; encourage ASFC main accounts to get in on this too
- Reimbursed receipts sorted; keep receipts for student finance sheet on bake sale; subtract receipt totals from final amount
- Jake to publish Instagram and Twitter graphics about signing up to student council next year (see above)
- Next meeting: 28th March @ 12:00
